When a Dog Bites You.

Mrs. Ida M. Merritt of St. Joseph, is to receive \$1,500 damages from W. R. Machett, a grocer there, because a brindle bull dog, which followed his delivery wagon, made her ill from fright. Judge Johnson of the Kansas City court of appeals held that it matters little whether a dog is in fun or otherwise when he bites or frightens a person. The dog, the evidence showed, had a reputation of being a canine bully, and Mr. Machett made a mistake in harboring it. He ordered the St. Joseph court to enter the \$1.500 judgment.

Stranded on an Island.

Tyre Nichols and Samuel Hazell were stranded on an island in the Missouri river near Wilton, and were without food or shelter for two days and nights. During a severe snowstorm they kept themselves alive in a hole in the ground dug with sticks. They went duck hunting and the wind tore the skiff from its moorings and it floated away. They may recover.

Prespective Juryman Was Even Anx lous to Be Called.

Walter C. Goodson, an attorney of Macon, Mo., attended circuit court at Ozkaloosa, Ia., one day recently, and noticed some interesting features which differed from the Missouri practice. "On the day of opening of court the judge lines up the petit jury and asks if there are any members who want to be excused," said Mr. Goodson. "The day I was there every man self. One said he had just purchased a farm and that he had to start his hands fixing it up. Another said he was a candy salesman and that his house would fire him if he didn't keep on the road. BUT DON'T NEED TO WORK NOW SO HARD.

The experience of the Bisser Bros. in Western Canada is similar to that reported to every agent of the Canadian Government, whose advertisement appears elsewhere:

"Wheatwyn, Sask., Nov. 6th, 1908. "To the Commissioner of Immigra-tion, Winnipeg, Manitoba.—Dear Sir: I, in company with my brother and other relations, arrived in this country in the spring of 1893. At the time we got off the train at Wolseley, Sask., we had only a few dollars, not enough to start farming on our own account. so we were compelled to work out for a considerable time in order to make sufficient money to enable us to establish ourselves. When we thought we had enough money to start with, I and my brother took up one quartersection (160 acres) land each in the Loon Creek district. In 1900 we moved on our homesteads with one team of horses and one walking plow. While was engaged with the work in the field, my brother built a shack and barn of logs, which we have hauled during the time we were not able to work in the field. We were certainly working very hard, but I am glad to
